Statement of intent

Farlow and Kinlet Federation therein are required to keep and process certain information about its staff members, pupils and governing body members in accordance with its legal obligations under the UK General Data Protection Regulation (GDPR).

The Federation, from time to time, may be required to share personal information about its staff (including volunteers, for the purpose of this document), pupils or governing body committee members with other organisations, mainly the LA, other schools and educational bodies, outsourced providers and potentially children's services.

This policy is in place to ensure all staff members and governing body committee members are aware of their responsibilities and outlines how the academy complies with the following core principles of the UK GDPR.

Organisational methods for keeping data secure are imperative, Farlow and Kinlet Federation therein believes that it is good practice to keep clear practical policies, backed up by written procedures.

This policy complies with the requirements set out in the UK GDPR, which came into effect on 25 May 2018. The government have confirmed that the UK's decision to leave the EU will not affect the commencement of the GDPR.

3. Applicable data

- 3.1. For the purpose of this policy, **personal data** refers to information that relates to an identifiable, living individual, including information such as an online identifier, e.g. an IP address. The UK GDPR applies to both automated personal data and to manual filing systems, where personal data is accessible according to specific criteria, as well as to chronologically ordered data and pseudonymised data, e.g. key-coded.
- 3.2. **Sensitive personal data** is referred to in the UK GDPR as 'special categories of personal data', which are broadly the same as those in the Data Protection Act (DPA) 1998. These specifically include the processing of genetic data, biometric data and data concerning health matters.

4. Principles

- 4.1. In accordance with the requirements outlined in the UK GDPR, personal data will be:
 - Processed lawfully, fairly and in a transparent manner in relation to individuals.
 - Collected for specified, explicit and legitimate purposes and not further processed in a manner that is incompatible with those purposes; further processing for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes shall not be considered to be incompatible with the initial purposes.
 - Adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed.
 - Accurate and, where necessary, kept up-to-date; every reasonable step must be taken to ensure that personal data that are inaccurate, having regard to the purposes for which they are processed, are erased or rectified without delay.
 - Kept in a form which permits identification of data subjects for no longer than is necessary for the purposes for which the personal data are processed; personal data may be stored for longer periods, insofar as the personal data will be processed solely for archiving purposes in the public interest, scientific or historical research purposes or statistical purposes, subject to implementation of the appropriate technical and organisational measures required by the UK GDPR in order to safeguard the rights and freedoms of individuals.
 - Processed in a manner that ensures appropriate security of the personal data, including protection against unauthorised or unlawful processing and against accidental loss, destruction or damage, using appropriate technical or organisational measures.

- 4.2. The UK GDPR also requires that “the controller shall be responsible for, and able to demonstrate, compliance with the principles”.

- 10.3. The school will verify the identity of the person making the request before any information is supplied.
- 10.4. A copy of the information will be supplied to the individual free of charge; however, Farlow and Kinlet Federation may impose a 'reasonable fee' to comply with requests for further copies of the same information.

- 10.10. Where a request is manifestly unfounded or excessive, Farlow and Kinlet Federation holds the right to refuse to respond to the request. The individual will be informed of this decision and the reasoning behind it, as well as their right to complain to the supervisory authority and to a judicial remedy, within one month of the refusal.

10.11. In the event that a large quantity of information is being processed about an individual, the school will ask the individual to specify the information the request is in relation to.

11. The right to rectification

- 11.1. Individuals are entitled to have any inaccurate or incomplete personal data rectified.
- 11.2. Where the personal data in question has been disclosed to third parties, the school will inform them of the rectification where possible.
- 11.3. Where appropriate, Farlow and Kinlet Federation will inform the individual about the third parties that the data has been disclosed to.
- 11.4. Requests for rectification will be responded to within one month; this will be extended by two months where the request for rectification is complex.
- 11.5. Where no action is being taken in response to a request for rectification, the school will explain the reason for this to the individual, and will inform them of their right to complain to the supervisory authority and to a judicial remedy.

12. The right to erasure

- 12.1. Individuals hold the right to request the deletion or removal of personal data where there is no compelling reason for its continued processing.
- 12.2. Individuals have the right to erasure in the following circumstances:
 - Where the personal data is no longer necessary in relation to the purpose for which it was originally collected/processed
 - When the individual withdraws their consent
 - When the individual objects to the processing and there is no overriding legitimate interest for continuing the processing
 - The personal data was unlawfully processed
 - The personal data is required to be erased in order to comply with a legal obligation
 - The personal data is processed in relation to the offer of information society services to a child

 - For public health purposes in the public interest

- For archiving purposes in the public interest, scientific research, historical research or statistical purposes
 - The exercise or defence of legal claims
- 12.4. As a child may not fully understand the risks involved in the processing of data when consent is obtained, special attention will be given to existing situations where a child has given consent to processing and they later request erasure of the data, regardless of age at the time of the request.
- 12.5. Where personal data has been disclosed to third parties, they will be informed about the erasure of the personal data, unless it is impossible or involves disproportionate effort to do so.

- 13.4. If the personal data in question has been disclosed to third parties, Farlow and Kinlet Federation will inform them about the restriction on the processing of the personal data, unless it is impossible or involves disproportionate effort to do so.

14.5. Farlow and Kinlet Federation will provide the information free of charge.

14.6. Where feasible, data will be transmitted directly to another organisation at the request of the individual.

14.7. Farlow and Kinlet Federation is not required to adopt or maintain processing systems which are technically compatible with other organisations.

14.8. In the event that the personal data concerns more than one individual Farlow and Kinlet Federation will consider whether providing the information would prejudice the rights of any other individual.

14.9. Farlow and Kinlet Federation will respond to any requests for portability within one month.

14.10. Where the request is complex, or a number of requests have been received, the timeframe can be extended by two months, ensuring that the individual is informed of the extension and the reasoning behind it within one month of the receipt of the request.

14.11. Where no action is being taken in response to a request, Farlow and Kinlet Federation will, without delay and at the latest within one month, explain to the individual the reason for this and will inform them of their right to complain to the supervisory authority and to a judicial remedy.

15. The right to object

15.1. Farlow and Kinlet Federation will inform individuals of their right to object at the first point of communication, and this information will be outlined in the privacy

notice and explicitly brought to the attention of the data subject, ensuring that it is presented clearly and separately from any other information.

15.2. Individuals have the right to object to the following:

- Processing based on legitimate interests or the performance of a task in the public interest
- Direct marketing
- Processing for purposes of scientific or historical research and statistics.

15.3. Where personal data is processed for the performance of a legal task or legitimate interests:

- An individual's grounds for objecting must relate to his or her particular situation.
- Farlow and Kinlet Federation will stop processing the individual's personal data unless the processing is for the establishment, exercise or defence of legal claims, or, where the school can demonstrate compelling legitimate grounds for the processing, which override the interests, rights and freedoms of the individual.

15.4. Where personal data is processed for direct marketing purposes:

- Farlow and Kinlet Federation will stop processing personal data for direct marketing purposes as soon as an objection is received.
- Farlow and Kinlet Federation cannot refuse an individual's objection regarding data that is being processed for direct marketing purposes.

15.5. Where personal data is processed for research purposes:

- The individual must have grounds relating to their particular situation in order to exercise their right to object.
- Where the processing of personal data is necessary for the performance of a public interest task, Farlow and Kinlet Federation is not required to comply with an objection to the processing of the data.

15.6. Where the processing activity is outlined above, but is carried out online, Farlow and Kinlet Federation therein will offer a method for individuals to object online.

16. Automated decision making and profiling

16.1. Individuals have the right not to be subject to a decision when:

- It is based on automated processing, e.g. profiling.
- It produces a legal effect or a similarly significant effect on the individual.

16.2. Farlow and Kinlet Federation will take steps to ensure that individuals are able to obtain human intervention, express their point of view, and obtain an explanation of the decision and challenge it.

- 16.3. When automatically processing personal data for profiling purposes, Farlow and Kinlet Federation will ensure that the appropriate safeguards are in place, including:
- Ensuring processing is fair and transparent by providing meaningful information about the logic involved, as well as the significance and the predicted impact.
 - Using appropriate mathematical or statistical procedures.
 - Implementing appropriate technical and organisational measures to enable inaccuracies to be corrected and minimise the risk of errors.
 - Securing personal data in a way that is proportionate to the risk to the interests and rights of the individual and prevents discriminatory effects.
- 16.4. Automated decisions must not concern a child or be based on the processing of sensitive data, unless:
- Farlow and Kinlet Federation has the explicit consent of the individual.
 - The processing is necessary for reasons of substantial public interest on the basis of Union/Member State law.

17. Privacy by design and privacy impact assessments

- 17.1. Farlow and Kinlet Federation will act in accordance with the UK GDPR by adopting privacy by design approach and implementing technical and organisational measures which demonstrate how the school has considered and integrated data protection into processing activities.
- 17.2. Data protection impact assessments (DPIAs) will be used to identify the most effective method of complying with the school's data protection obligations and meeting individuals' expectations of privacy.
- 17.3. DPIAs will allow Farlow and Kinlet Federation to identify and resolve problems at an early stage, thus reducing associated costs and preventing damage from being caused to the Federation's reputation which might otherwise occur.
- 17.4. A DPIA will be carried out when using new technologies or when the processing is likely to result in a high risk to the rights and freedoms of individuals.
- 17.5. A DPIA will be used for more than one project, where necessary.
- 17.6. High risk processing includes, but is not limited to, the following:
- Systematic and extensive processing activities, such as profiling
 - Large scale processing of special categories of data or personal data which is in relation to criminal convictions or offences

17.7. Farlow and Kinlet Federation including all academies therein will ensure that all DPIAs include the following information:

- A description of the processing operations and the purposes
- An assessment of the necessity and proportionality of the processing in relation to the purpose
- An outline of the risks to individuals
- The measures implemented in order to address risk

17.8. Where a DPIA indicates high risk data processing, Farlow and Kinlet Federation will consult the ICO to seek its opinion as to whether the processing operation complies with the UK GDPR.

18. Data breaches

18.1. The term 'personal data breach' refers to a breach of security which has led to the destruction, loss, alteration, unauthorised disclosure of, or access to, personal data.

18.2. The CEO for the Trust and Principal of the respective academy will ensure that all staff members are made aware of, and understand, what constitutes a data breach as part of their CPD training.

18.3. Where a breach is likely to result in a risk to the rights and freedoms of individuals, the relevant supervisory authority will be informed.

18.4. All notifiable breaches will be reported to the relevant supervisory authority within 72 hours of the Federation becoming aware of it.

18.5. The risk of the breach having a detrimental effect on the individual, and the need to notify the relevant supervisory authority, will be assessed on a case-by-case basis.

18.6. In the event that a breach is likely to result in a high risk to the rights and freedoms of an individual, Federation will notify those concerned directly.

18.7. A 'high risk' breach means that the threshold for notifying the individual is higher than that for notifying the relevant supervisory authority.

18.8. In the event that a breach is sufficiently serious, the public will be notified without undue delay.

18.9. Effective and robust breach detection, investigation and internal reporting procedures are in place at the Federation, which facilitate decision-making in relation to whether the relevant supervisory authority or the public need to be notified.

18.10. Within a breach notification, the following information will be outlined:

- The nature of the personal data breach, including the categories and approximate number of individuals and records concerned
 - The name and contact details of the DPO
 - An explanation of the likely consequences of the personal data breach
 - A description of the proposed measures to be taken to deal with the personal data breach
 - Where appropriate, a description of the measures taken to mitigate any possible adverse effects
- 18.11. Failure to report a breach when required to do so may result in a fine, as well as a fine for the breach itself.

19. Data security

- 19.1. Confidential paper records will be kept in a locked filing cabinet, drawer or safe, with restricted access.
- 19.2. Confidential paper records will not be left unattended or in clear view anywhere with general access.
- 19.3. Digital data is coded, encrypted or password-protected, both on a local hard drive and on a network drive that is regularly backed up off-site.
- 19.4. Where data is saved on removable storage or a portable device, the device will be kept in a locked filing cabinet, drawer or safe when not in use.
- 19.5. Memory sticks will not be used to hold personal information unless they are password-protected and fully encrypted.
- 19.6. All electronic devices are password-protected to protect the information on the device in case of theft.
- 19.7. Where possible, the Federation enables electronic devices to allow the remote blocking or deletion of data in case of theft.
- 19.8. Staff and Governing body members will not use their personal laptops or computers for Federation purposes.
- 19.9. All necessary members of staff are provided with their own secure login and password, and every computer regularly prompts users to change their password.

- 19.11. Circular emails to parents are sent blind carbon copy (bcc), so email addresses are not disclosed to other recipients.

- 19.12. When sending confidential information by fax, staff will always check that the recipient is correct before sending.
- 19.13. Where personal information that could be considered private or confidential is taken off the premises, either in electronic or paper format, staff and governing body members will take extra care to follow the same procedures for security, e.g. keeping devices under lock and key. The person taking the information from the Federation premises accepts full responsibility for the security of the data.
- 19.14. Before sharing data, all staff members and governing body members will ensure:
- They are allowed to share it.
 - That adequate security is in place to protect it.
 - Who will receive the data has been outlined in a privacy notice.
- 19.15. Under no circumstances are visitors allowed access to confidential or personal information. Visitors to areas of the Federation containing sensitive information are supervised at all times.
- 19.16. The physical security of the Federation's buildings and storage systems, and access to them, is reviewed on a termly basis. If an increased risk in vandalism/burglary/theft is identified, extra measures to secure data storage will be put in place.
- 19.17. Farlow and Kinlet Federation takes its duties under the UK GDPR seriously and any unauthorised disclosure may result in disciplinary action.
- 19.18. The Head teachers are responsible for continuity and recovery measures are in place to ensure the security of protected data.
